

Jeremy Schuurmans

Full Stack Web Developer

Chef turned programmer. Formerly used food to create user experiences that made people happy, now doing the same with code. I am seeking a position that allows me to grow my skills as a developer, while making strong contributions to the team.

Portland, OR

(503) 395-7521

RECENT PROJECTS

Vino — A Social Wine Journal

[GitHub](#) | [Live Demo](#) (Demo username: *hpotter@hogwarts.edu*, demo password: *quidditch*)

Rails application that allows users to journal their favorite wines, and follow other users to discuss and share wine recommendations.

Utilizes bcrypt and Omniauth Facebook for authentication.

Styled with Bootstrap and custom HTML/CSS. Mobile responsive.

Nice One, Dad — Hilarious puns at the push of a button!

[GitHub](#) | [Live Demo](#)

Simple one page application that displays a random dad joke on click.

Uses AJAX to connect to the *I Can Haz Dad Joke* public API and render content to the view.

Styled with custom HTML/CSS. Mobile responsive.

Too Hot to Handel — Classical music news on your command line!

[GitHub](#)

CLI web scraper built in Ruby.

Scrapes classical music news and reviews from *gramophone.co.uk* and displays them in your terminal.

Publically available on *rubygems.org*.
